Strata II Planter Boxes

FEATURES

A range of premium planter boxes

Provided as a complete assembled unit with moulded ABS liners that provide both strong support and moisture protection

Designed to accept 200mm pots as standard, with a maximum aperture of 230mm.

Available with both plain and perforated fronts

Perforated planters come complete with sound absorbing acoustic panels as standard.

3 nested components: a powdercoated steel tray with adjustable pot openings, waterproof ABS liner and powdercoated steel carcass.

Pre-fitted clear rubber feet are secured to the underside of the planter box. Feet assist in holding the planter in position whilst on the cabinet and prevent any scuffing of the cabinet top

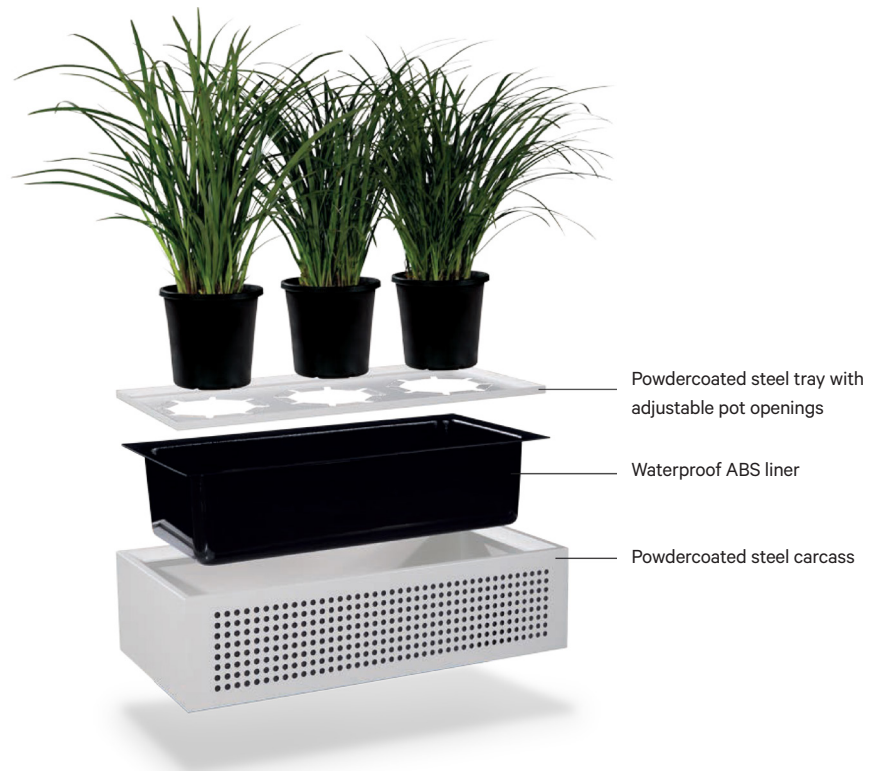

Unique top tray with folding tabs to assist in retaining fill. Can also be inverted for use without any fill

GECA certified

10 year Warranty

Technical specifications

The recommended maximum height combination should not exceed 1430mm. The maximum height is achieved by using a 1200mm high cabinet with a standard 230mm planter box.
